## **Suggestions given by the students**

Extra classes should be conducted for week students

Real life example should be given

Skill enhancement sessions should be conducted

Practical Knowledge should be imparted in the science classes

Debates on topic of the curriculum

More individual attention should be given

Use visuals and graphics and ICT tools

Construct boundary walls/fencing to secure campus from outsiders

Recruit teachers for sports /physical education

Use of pahadi language be restricted in the campus so that students may develop proficiency in Hindi and English

Field visits should be planned in every subject

Mid Term Exam to be scheduled early

Programmes on mental health issue

Students should be allowed to get issued four books from the library at a time.

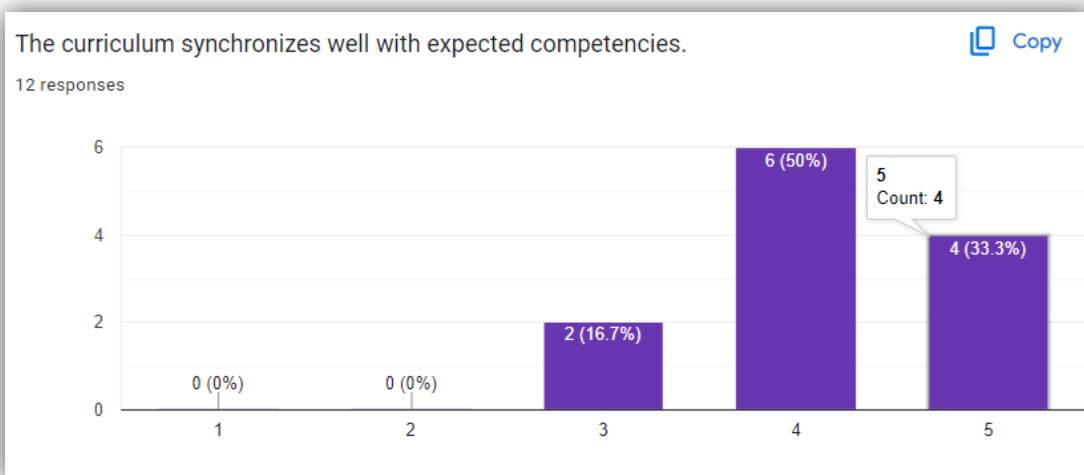

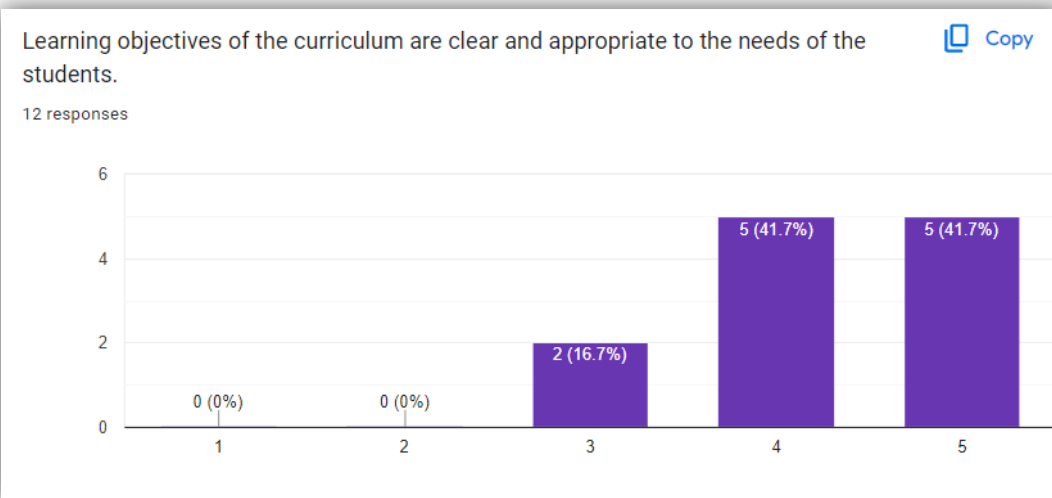

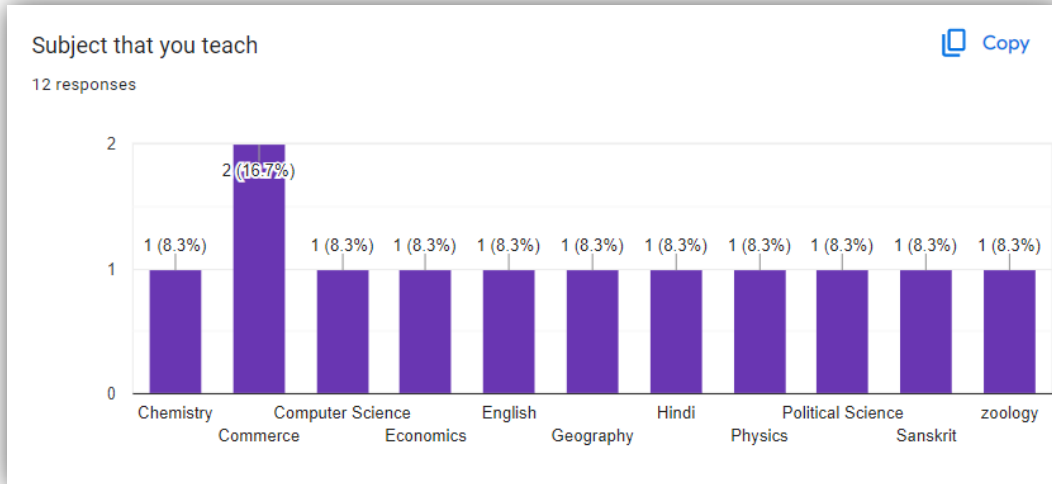

Staff vacancy should be filled.

New posts should be created and there should be at least 2/3 teachers in every department.

Special attention should be paid to students who change their streams.

Library should be shifted to a larger space.

## **Changes recommended for improving the quality of syllabus**

- SEC papers should be of basic nature, not of advanced level.
- Topics should not be repeated in the syllabus.
- Either practical oriented or project-based SEC courses
- Some portion should be included for recent advancements in a particular subject
- More syllabus enrichment is required to make it more relevant to the needs of society.
- Involvement of Industries and other stakeholders.
- More smart Rooms and one more language teacher in Hindi.
- SEC papers should have practical component
- Syllabus should be comparable with other universities also and changes should be made as per relevancy and importance in the modern era.
- More recent topics to be included like concepts of ML, AI etc.
- More up to date with recent developments
- Linkages with local environment
- Learning objectives should be relooked at
- Must be aligned with labour market trends

## **Support needed for enhancing effectiveness of the teaching -learning process**

- Audio visual aids should be there in each classroom
- More posts should be created and vacant post of teaching as well as non-teaching staff must be filled.
- High-tech infrastructural support
- To be made more focused on ICT tools, surveys and research based.
- Internal assessment should be less to ensure objectivity
